My name is Kamil, I am 27. I live in Barcelona with my girlfriend and a greyhound. I have been to 40+ countries — for life and for shoots. I play golf, cook grill dinners, and fall deep into history, politics and video games.

WHAT I AM INTO

Cooking

Grill dinners — my meditation after a shoot.

History

I read to understand why the present looks like this.

Fashion

Silhouette and texture decide everything — on and off camera.

Video games

Rest and reference — the strongest narratives live there now.

Series

I dissect them as a producer: structure, pace, production.

Tech

New gadgets, new tools, new ways to make things.

Travel

40+ countries; I collect scenes and people, not magnets.

Politics

I follow it like a producer follows a timeline.

Golf

A game against yourself: patience, rhythm, the long game.

Crypto

Curiosity about new systems and how they work.

Boxing

Discipline and a clear head — I train regularly.
